### ***Independent Auditor's Report***

Board of Commissioners  
Housing Authority of Champaign County

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and aggregate discretely presented component unit of the Housing Authority of Champaign County, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the discretely presented component unit were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component unit of the Housing Authority of Champaign County as of August 7, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 8, the Housing Authority of Champaign County restated beginning net position of its financial statements for the year ended December 31, 2016, due to a correction in the recognition of development proceeds as long-term debt. Our opinions are not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1-5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Housing Authority of Champaign County's basic financial statements. The Financial Data Schedule, required by Uniform Financial Reporting Standards issued by the U.S. Department of Housing and Urban Development and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Financial Data Schedule, and the Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

## Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated August 7, 2017 on our consideration of the Housing Authority of Champaign County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority of Champaign County's internal control over financial reporting and compliance.

**HOUSING AUTHORITY OF CHAMPAIGN COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED DECEMBER 31, 2016**

---

Our discussion and analysis of the Housing Authority of Champaign County's (the Authority) financial performance provides an overview of the Primary Government's financial activities for the year ended December 31, 2016. Please review it in conjunction with the Authority's basic financial statements, which begin on page 6.

**FINANCIAL HIGHLIGHTS**

- The Authority executed HAP contracts on an additional 241 units relating to Providence at Sycamore and Thornberry and Urban Park Place. Lease-up on these units began mid-year with all but 19 units leased as of December 31, 2016. As a result, HUD funding for HAP expense and Administrative Fees increased to account for the increased lease rate. The Authority's overall utilization rate is up to 81% for the year, an increase of 5% overall, including 89% for the month of December 2016.
- The Authority entered into several new commitments to further its goal of expanding housing opportunities. Commitments include setting aside \$4,420,000 for the relocation and redevelopment of units formerly known as Skelton Place, \$1,590,000 for a future property to be known as Bristol Place, and \$1,450,000 to complete construction of The Manor at Prairie Crossing.
- The Authority's basic financial statements reflect a current ratio, adjusted to remove restricted elements, of 11.6:1 in the current year, down slightly from 12:1 in the prior year. Current ratio measures an entity's liquidity and is computed by dividing current assets by current liabilities. A ratio of greater than one generally signifies a high performing entity as assets are available to pay liabilities. Expectations are for this ratio to continue to dip slightly as the Authority continues investing accumulated funding in various projects and anticipation of HUD implementation of cash management requirements for Moving-to-Work agencies.
- The Authority's Change in Net Position increased \$2,239,720. The surplus relates to the use of current year funding to support development activities which are held as either Capital Assets or predevelopment receivables. This represents a change from previous years, as reserves had been accumulating in an effort to pool resources for various development projects.
- Grant revenues, primarily in the form of HUD grants, accounted for \$14.77 million or 93 percent of all revenues. Tenant Rental and Fees for Services accounted for \$824,461 or 6 percent of all revenues. This represents a slight increase in dependence on government funding since MTW conversion, as the Authority is still currently highly dependent on HUD funding. The increase primarily relates to significant funds provided to account for ongoing MTW development activities.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows (on pages 6-9) provide information about the activities of the Authority as a whole and present a longer-term view of the Authority's finances. Financial information by program is included in the supplemental information starting on page 21. This information tells how these services were financed in the short term as well as what remains for future spending. Program financial information also reports the Authority's operations in more detail than the government-wide statements by providing information about the Authority's most financially significant programs.

**The Statements of Net Position and Revenues, Expenses and Changes in Net Position**

The Statements provide information about the Authority as a whole and about its activities. These statements include all assets and liabilities using the accrual basis of accounting that is used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Authority's net position and changes in them. The difference between assets and liabilities or net position is one way to measure the Authority's financial health. Over time, increases or decreases in the net position are one indicator of whether its financial position is improving or deteriorating.

The higher the net position figure is, generally, the better the financial position. However, this information does not reflect ongoing fluctuations in the economic climate, regulatory changes, or other external forces that impact an entity's financial position, but which may not be quantifiable as of the financial statement date.

The Authority's total net position was \$28,350,777 as of December 31, 2016.

Unrestricted	15,058	13,388	1,670
Total Net Position	\$ 28,351	\$ 26,111	\$ 2,240

The increase in Current Assets of \$1,417 thousand relates to January 2017 HAP totaling \$808,717 paid in December 2016, and therefore accounted for as prepaid expenses along with \$864,792 in January 2017 HUD funding received early, in December 2016.

The increase in Current Liabilities of \$925 thousand primarily relates to January 2017 HUD funding totaling \$864,792 advanced in December 2016, reported as Unearned Revenue.

The increase in Noncurrent Liabilities of \$857 thousand relates to final draws on the Urban Park Place mortgage payable.

The increase in Invested in Capital Assets of \$1,162 thousand relates to approximately \$3 million in capital asset purchases net of debt borrowings noted above and an allowance for depreciation.

The decrease in Restricted Net Position primarily resulted from the use of the Deferred Outflow balance of \$799,263, which financed the Note receivables to Providence in the current year.

Change in Net Position	<u>\$ 2,240</u>	<u>\$ (869)</u>	<u>\$ 3,109</u>

The increase in Government Grants of \$3,842 million is primarily due to an increase in Housing Assistance Payment funding from HUD due to new PBV units leased (primarily the Providence Developments), plus a return to normal funding in the current, as the prior year included a large decrease in HAP funding (\$2 million), as HUD was requiring the agency to use its reserves on hand. This also relates to the increase of \$781 thousand in Housing Assistance Payments.

Prior year Financing expenses relate to borrowing costs of the Urban Park Place development and represent a one-time expense of that period.

General expenses increased \$52 thousand primarily relate to increased payments related to the Habitat for Humanity homeownership initiative, which serves to provide additional housing opportunities currently and in the near future.

All other expense changes represent normal fluctuations in the operating cycle.

The Financial Data Schedule beginning on page 21 presents a more detailed picture of the activity and balances of the various programs. The reasons for significant changes have been identified above.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

As of December 31, 2016, the Authority has \$14,016,240 invested in a broad range of capital assets, including land, buildings, furniture and equipment as follows:

**Table 3  
Capital Assets**

	<u>Beginning</u>	<u>Additions</u>	<u>Dispositions</u>	<u>Ending</u>
Nondepreciable Assets:				
Land	\$ 4,514,942	\$ 919,270	\$ -	\$ 5,434,212

Net Book Value	<u>\$ 11,976,927</u>			<u>\$ 14,016,240</u>

The \$2,909,777 in net additions to Fixed Assets represent a significant increase in annual expenditures based on historical trends. Specifically, additions include the purchase of two new parcels of land and construction in progress costs of the Mahomet development known as The Manor at Prairie Crossing.

**Long-Term Debt**

The Authority incurred a mortgage payable to IHDA to redevelop Urban Park Place totaling \$1,304,343. The debt does not require repayment and is forgivable upon maturity in 2046, provided there is no event of default as determined by IHDA.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS**

Significant economic factors affecting the Authority are as follows:

- Continued development activities and transition to operating activities at three sites: Urban Park Place, Providence at Sycamore Hills and Providence at Thornberry.
- New development activities related to the purchase and development of three additional developments: The Manor at Prairie Crossing, Douglass Park and Highland Green.
- Staff restructuring following multiple positions vacated through attrition. In most cases, reassignment of duties instead of filling the vacated position.
- Rental Assistance Demonstration (RAD) Program application completed and awaiting funding availability. RAD provides for the application of proven financing tools on at-risk public and assisted housing and is a central part of HUD's rental housing preservation strategy.

---

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS (CONT'D)**

Significant economic factors affecting the Authority (Cont'd):

- Future congressional appropriation bills on MTW funding and impact of congressional sequestration federal funding cut backs.
- Increased participant and tenant turnover due to the ongoing estimated effects of complying with Local Self Sufficiency requirements.
- Local inflationary rates and employment are trending up which affect residents' income and therefore, rental income to the Authority.
- Inflationary rates will negatively impact utility rates, supplies and other costs of the Authority.

**HOUSING AUTHORITY OF CHAMPAIGN COUNTY  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2016**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The summary of significant accounting policies of the Housing Authority of Champaign County (“the Authority”) is presented to assist in understanding the Authority’s financial statements. The financial statements and notes are representations of the Authority’s management, who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

**Reporting Entity**

The Authority was created in 1939 under the laws of the State of Illinois to administer the Public Housing programs authorized by the Quality Housing and Work Responsibility Act of 1998. These programs are subsidized by the federal government through the U.S. Department of Housing and Urban Development (HUD), for financial assistance for low-income public housing pursuant to the United States Housing Act of 1937, as amended. As such, the Authority has entered into annual contribution contracts with the U.S. Department of Housing and Urban Development (“HUD”) to be the administrator of the housing and housing related programs described herein. The Authority is not subject to Federal or State income taxes and is not required to file Federal or State income tax returns.

The Authority’s combined financial statements include the accounts of all the Authority’s operations. The criteria for including organizations as component units within the reporting entity, as set forth in The Governmental Accounting Standards Board (GASB)’s Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the Authority holds the corporate powers of the organization
- the Authority appoints a voting majority of the organization’s board
- the Authority is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Authority
- there is fiscal dependency by the organization on the Authority

**Blended Component Units**

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the Authority’s Board of Commissioners or the component unit provides services entirely to the Authority. These component units’ funds are blended into those of the Authority’s by appropriate activity type to compose the primary government presentation.

Currently, the Authority has four component units that meet the criteria for blending.

Central Illinois Development Corporation of Champaign County (CIDC), Oak Grove Development Corporation (OGDC), Maple Grove Development Corporation (MGDC) and Sycamore Grove Development Corporation (SGDC) were created to own, develop and rehabilitate residential dwelling units to low and moderate-income families. The Authority maintains control of the entities primarily through its ability to elect and serve as the board of directors and officers. The entities serve as general partners or shareholders in various current and future mixed finance partnership structures as well as future ownership of its current public housing stock undergoing conversion under HUD’s Rental Assistance Demonstration (RAD) initiative. Currently, the blended component unit’s significant activities include the purchase, rehabilitation and operation of Urban Park Place and various levels of ownership and control of multiple Low Income Housing Tax Credit partnerships from which no material reporting financial activity is included in the reporting entity, other than as reported below.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Discretely Presented Component Units**

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending.

The Authority controls the general partner of a Low Income Housing Tax Credit (LIHTC) limited partnership. The partnership's interests are held by third parties unrelated to the Authority. As the general partner, the Authority has certain rights and responsibilities which enable it to impose its will on the limited partnerships. Additionally, the Authority has a financial benefit and burden relationship as the Authority has assumed the obligation to provide financial support to the organization and has imposed its will over the entity. The partnership does not serve the primary government exclusively, or almost exclusively, and therefore, is shown as a discretely presented component unit.

Currently, the Authority has one component unit that meets the criteria for discrete presentation.

Oakwood Trace Townhomes, L.P, an Illinois limited partnership, was formed in March 2001, for the purpose of rehabilitation and operating a low-income housing project that qualifies for low-income housing credits under §42 of the Internal Revenue Code. The project consists of 50 units for rent to individuals and families of low and moderate income in Champaign, Illinois. The project entered into a ground lease with the Authority for land the Authority owns in Champaign, Illinois.

Complete financial statements of the discretely presented component unit may be obtained at the Authority's administrative office:

Housing Authority of Champaign County  
205 West Park Avenue  
Champaign, IL 61820

**Payments between the Authority and Component Units**

Resource flows between the primary government and blended component unit are typically reported as operating transfers and eliminated during consolidation. Such transactions include development advances and funding of RAD reserves which totaled \$250,677 in 2016. Additionally, certain transactions that are subject to regulatory oversight are reporting as external transactions (revenues and expenses) and eliminated during consolidation. Of which, balances and/or transactions between the blended component unit and the primary government provided during 2016 were: notes receivable and related interest incurred, rental subsidies provided through the HAP contract, operating funds provided per regulatory approved budgets and fees for services charged to the component unit, of which \$668,800, \$14,397, \$9,550 and \$1,020, which were eliminated during consolidation, respectively. Resource flows between the primary government and the discretely presented component unit are reported as external transactions (revenues and expenses). Transactions during 2016 consist of rental subsidies and fees for services totaling \$252,777 and \$22,714, respectively.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses used during the reporting period. Actual results could differ from those estimates. Significant estimates include the economic lives of capital assets.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements.

The Authority's funds are accounted for on the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. With this measurement focus, all assets and all liabilities associated with the operation are included on the Statement of Net Position.

Operating Revenue includes rental income, operating grants, management services income and all other revenue relating to the provision of safe, decent, and affordable housing that do not result from transactions defined as capital and related financing, non-capital and related financing, or investing activities. Operating expenses include wages, housing assistance payments, utilities, maintenance, depreciation, and all other expenses relating to the provision of safe, decent, and affordable housing that do not result from transactions defined as capital and related financing, non-capital and related financing, or investing activities.

In addition, the Authority receives capital grants from HUD to be used for various purposes connected with the planning, modernization, and expansion of housing facilities and equipment. Receipts used for non-capitalizable costs are reported as operating revenue and receipts used for capitalization costs are reported as capital contributions.

The financial statements of the Authority are prepared in accordance with U.S. generally accepted accounting principles (GAAP). GASB is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The financial statements include:

1. Management's Discussion and Analysis (MD&A) section providing an analysis of the Authority's overall financial position and results of operations.
2. Financial statements prepared using full accrual accounting for all of the Authority's activities.

The Authority has elected to report as a single enterprise proprietary fund and its primary operations comprise of a number of housing and grant programs as follows:

- The ***Moving-To-Work (MTW) Demonstration Program*** provides the Authority authorization to develop policies outside certain HUD regulations and provisions of the U.S. Housing Act of 1937 in order to increase cost effectiveness, promote self-sufficiency and expand housing options for program participants. As such, the Authority provides rental housing assistance to serve up to the Authority's budget authority of 1,798 vouchers. Of which, the Authority administers 324 units under Project Based Voucher HAP contracts.
- The ***Housing Choice Voucher Program*** provides rental housing assistance to serve up to the Authority's non-MTW budget authority of 22 vouchers related to Veteran's Affairs Supportive Housing (VASH) and 23 Tenant Protection Vouchers (TPV) known as Lincolnshire. The purpose of the VASH program is to provide decent and affordable housing to low income veterans and their families wherein rental assistance is provided by HUD. The TPV units are provided for a specific development to ensure low income tenants retain quality affordable housing options, typically during redevelopment initiatives. The associated units are owned, maintained and managed by private landlords.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

- The **Public Housing Program** operates under HUD's Annual Contribution Contract and consists of the operations of low rent public housing properties totaling 354 units. The purpose of the program is to provide decent and affordable housing to low-income families at reduced rents. The properties are owned, maintained, and managed by the Authority. Funding of the program is provided by federal annual contributions, operating subsidies and tenant rentals (determined as a percentage of family income, adjusted for family composition). All units have received reservations under HUD's **Rental Demonstration Program (RAD)** whereby the units will be removed from the Public Housing Program and released from the ACC. Effective January 2017, 262 units were released from the program under a RAD PBV contract and are to be reported as a blended component unit.
- The **Moderate Rehab Section 8 Program** was established to account for pass-through project-based Section 8 funding from HUD for the Homestead Apartments project. As contract administrator, the Authority does not own or control the project, but has certain responsibilities relating to compliance monitoring.

**Cash and Cash Equivalents**

Cash and cash equivalents represent cash in checking accounts, demand deposits and money market funds or short-term investments with original maturities of three months or less.

**Investments**

The Authority has adopted certain Local Investment policies as a Move-to-Work agency. The Authority is authorized to undertake its own investment policy through its Moving to Work Agreement, Attachment C (B) (5). The Authority may invest Program Funds in any financial instrument authorized under the Illinois Public Funds Investment Act (30 ILCS 235/2). The Authority follows the provisions of GASB No. 31, "Accounting and Financial Reporting for Certain Investments in a Governmental Entity," which requires all publicly traded debt and equity securities to be recorded at fair market value generally determined on the basis of quoted market values. Purchases and sales of securities are reflected in a trade-date basis. Realized gains and losses on sales of securities are based on average cost.

**Accounts Receivable**

Management periodically assesses the collectability of its receivables and establishes an allowance for uncollectible accounts for all accounts it deems uncollectible. Currently, the allowance established for tenant, fraud and interest receivables is \$-0-, \$1,239 and \$93,009, respectively.

**Inventory**

The Authority's inventory consists of materials and supplies used to maintain its rental stock. The inventory is valued using the weighted average method and recorded at cost.

**Capital Assets**

Land, buildings, and equipment are stated at cost and depreciated over their estimated useful lives. The capitalization threshold is \$5,000. Donated assets are recorded at estimated market value as of the date of the donation. Construction in progress costs are not depreciated until the corresponding projects are completed. Depreciation has been provided over the following useful lives using the straight-line method of depreciation as follows:

Building and Improvements	10 to 40 years
Machinery and Equipment	5 to 15 years

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Operating Leases**

The Authority leases substantially all of its building and dwelling equipment to tenants for a period of one year, cancellable upon sufficient notice. As of December 31, 2016, the total cost of leased property was \$24,978,523 with accumulated depreciation of \$18,226,582, for a carrying value of \$6,751,941. In addition, the Authority leases a parcel of land with a carrying value of \$306,596. Land lease revenue over the next five years is \$8,000 per year.

**Compensated Absences**

Employees accumulate universal leave for subsequent use or payment upon termination. Compensated absences are accrued when incurred and reported as a liability until paid.

**Deferred Outflows and Inflows of Resources**

Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense in future periods. Deferred inflows of resources represent an acquisition of net position of fund balance that applies to future periods and will be recognized as revenue, or a reduction in expense, in future periods.

**Use of Restricted Funds**

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

**Equity Classifications**

Equity is classified as net position and displayed in three components in the Statement of Net Position.

**Net Investment in Capital Assets** consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The Authority has no related debt.

**Restricted** consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions, or laws or regulations or other governments; or (2) law through constitutional provisions or enabling legislation. The Authority's restricted net position consists of disposition proceeds held in escrow for use in future modernization projects as required by HUD, committed resources for development projects and unspent Housing Assistance Payments restricted from use by HUD.

**Unrestricted** consists of all other net position that does not meet the definition of Restricted or Net Investment in Capital Assets.

**NOTE 2 – DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS**

**Deposits**

The Authority maintains cash with FDIC depository banks. At times, these balances may exceed the Federal insurance limits; however, the Authority has not experienced any losses with respect to its bank balances in excess of government provided insurance. In addition, uninsured balances are fully collateralized through agreements with the financial institution. Management believes that no significant concentration of credit risk exists with respect to these cash balances as of December 31, 2016.

**NOTE 2 – DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (CONT'D)**

**Investments**

The Authority's policy was adopted to address various risks relating to the Authority's investments. Credit Risk is the risk that an insured or other counterparty to an investment will not fulfill its obligations. Custodial Credit Risk is the risk that the Authority will not be able to recover the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the transaction fails. Concentration of Credit Risk is an additional dimension of credit risk that relates to the amount invested in any one entity. Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The Authority's investments are held through a Securities Investor Protection Corporation (SIPC) member brokerage firm, registered in the name of the Authority, and are not exposed to custodial credit risk. The Authority's investments consist of Treasury and Agency mutual fund holdings which are not subject to interest rate or concentration of credit risk disclosures.

**NOTE 8 – NET POSITION - RESTATED**

The Net Position of the Primary Government of the Authority was restated to reflect a correction in the recording of loan proceeds for the development of Urban Park Place in 2015. The Beginning Net Position as previously reported of \$26,545,535 was reduced (\$434,478) to report Illinois Housing Development Authority loan proceeds, which were previously reported as grant revenue, for a restated Net Position of \$26,111,057. It was determined that funds provided to construct Urban Park Place are more accurately reported as long-term debt, due to continuous compliance requirements placed on the property by IHDA (See Note 7). The Discretely Presented Component Unit column was not affected by this correction.

**NOTE 9 – HUD HELD RESERVES**

The Authority is appropriated HUD funding for the Housing Choice Voucher program based on its 2011 baseline (adjusted for changes in units available). However, funding is calculated and disbursed by HUD based on the immediate needs of the Authority. As a result, the Authority has accumulated and is entitled to an additional \$6,709,192 currently held by HUD in the Authority's "HUD-Held Reserve" (HHR). The HHR funds have not been included in the Authority's financial statements due to the federal government's interpretation of cash management requirements and application of "immediate need". Funds are to be recognized when requirements, such as immediate need, are met. Of the \$6,709,192, \$564,675 was included in Accounts Receivable and recognized as additional HUD revenue in 2016, which represents the amount due the Authority for expenditures already incurred as reconciled by HUD.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

***Independent Auditor's Report***

The Governing Body  
Housing Authority of Champaign County

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component unit of the Housing Authority of Champaign County as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Housing Authority of Champaign County's basic financial statements, and have issued our report thereon dated August 7, 2017.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Housing Authority of Champaign County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of Champaign County's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of Champaign County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Housing Authority of Champaign County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON  
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

***Independent Auditor's Report***

Board of Commissioners  
Housing Authority of Champaign County

**Report on Compliance for Each Major Federal Program**

We have audited the Housing Authority of Champaign County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the Housing Authority of Champaign County's major federal programs for the year ended December 31, 2016. The Housing Authority of Champaign County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Housing Authority of Champaign County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of Champaign County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Housing Authority of Champaign County's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the Housing Authority of Champaign County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

## Report on Internal Control over Compliance

Management of the Housing Authority of Champaign County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Housing Authority of Champaign County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of Champaign County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2016-001 and 2016-002, that we consider to be significant deficiencies.

Housing Authority of Champaign County's responses to the internal control over compliance findings identified in our audit are described in the accompanying Corrective Action Plan. Housing Authority of Champaign County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
